WHERE NEW YORK COMPTROLLER WILL SERVE SENTENCE

This is the Essex County Jail, at Newark, N. J., where Charles L. Craig, Comptroller of the City of New York, must serve a term of 60 days under a sentence imposed upon him by Federal Judge Julius L. Mayer, who caused him with contempt of court. The contempt charged was contained in a letter written by Mr. Craig to the judge's decision in matters pertaining to transit affairs in which the City of New York was involved.

GRATITUDE

BY BEN B. HUNT
O, some may think because the path
Has been a little hard,
That they have not received a thing
For which to thank their God.
And yet, when they begin to count
The blessings they have had,
Oh, there are many, many things
To make them mighty glad!

No one has been quite free from sin
And none hath served Thee right,
But Thou hast ever been nearby
To help us in our plight.
We know the Lord has truly been
Awake to all our needs,
And listen'd to our pleading voice
Regardless of our needs.

He has indeed been kind to all
And more than kind to me;
No one on earth deserves the things
The Lord has given free.
And now, O Lord, we lift our hearts
On this Thanksgiving Day
And thank Thee for the blessed things
That God has sent our way.

We thank Thee for the many friends
We've met along the way,
For they have chaun'd us with their love
And made us mighty gay!
We are thankful for the sunshine
And also for the rain;
(It wouldn't do for life to be
Devoid, entire, of pain!)

South And Far West Not As Wet As In The Past

NEW YORK, Nov. 28.—According to reports received by United Press Thanksgiving day will be celebrated from Maine to California with cheer that does not all come from turkey. In some instances merry making will have a less liquid form than last year, especially in the south and far west. In most parts bootleggers report business booming, with prices of high quality poor. "Scotch" per quart is \$6.50 in New York, \$15 in Kansas City, \$10 in San Francisco, \$12 in St. Louis.

Decatur Baptist College Squad Arrives For Game With Westminster Eleven

Mexia football fans will be treated to an excellent game Thanksgiving Day when college football is played by two strong contenders at Nowlin Park. Through the efforts of the Chamber of Commerce, the grandstand and park have been secured for the game when Westminster College of Tehuacana plays the strong eleven from Decatur Baptist College. The Decatur team arrived on the noon train from Dallas and were met by the Westminster bus. The squad is composed of a big husky set of fellows and the game is certain to be a real one. On account of the rain, the game will probably be one of straight football with little attempt at the overhead route. The Westminster club has been playing exceptionally strong the last half of the season, is well coached and eager for the encounter which will be the first played on the local gridiron by the nearby collegians.

O! Pshaw! Leaders Of Persia Say Of The Young Shah

MARSEILLES, Nov. 28.—The youthful Shah of Persia, disregarding venement protests by his Cabinet and members of the Persian Parliament, arrived here today for a good time along the Riviera and in Paris. His Ministers protest the Shah is over fond of the gaities of life in France and that His Highness is spending most of his time and too much money in this country. It is common gossip that the Shah is greatly attracted by a dancer at the opera.

INTERMEDIATE LEAGUE ENJOYS THANKSGIVING PROGRAM AND PARTY

The Intermediate League of the Methodist Church under the leadership of Mrs. Krueger enjoyed a Thanksgiving program at the church Monday night followed by a party. Both amusing and helpful contests were engaged in, games were played and a general good time was voiced by all present. Refreshments consisting of hot chocolate, cakes and sandwiches were served, which as usual proved to be the leading attraction, after which we parted to meet again Sunday night at six o'clock.

TEXAS DOCTOR MAKES NOTABLE DISCOVERY

NEW ORLEANS, La., Nov. 28.—"Scopolamin" is a success as a variety testor, local physicians believed today after witnessing two days' demonstration on local newspaper reporters and prisoners in the Orleans parish prison here. The demonstrations were made by Dr. F. E. House, of Ferris, Texas, inventor of the chemical, which is said to cause criminals and others to reveal facts in their lives while under its influence.

SEPARATISTS IN POWER

MAYENCE, Nov. 28.—Separatists today controlled practically the entire Palatinate as a result of the occupation of Frankenthal by Rhineland forces from Spire.

MEN CONFESS TO PART IN CRIME

NEW YORK, Nov. 28.—District Attorney Dudd of Brooklyn, has announced that Diamond brothers, Morris and Joseph, have made a complete confession of their part in the hold up and murder of two bank messengers November 14. Both denied firing the fatal shots and named three gunmen as the murderers. Morris said his brother knew little about the affair.

OVER A HUNDRED WILL GO FROM HERE TO BIG GAMES

Probably a hundred Mexnates will attend the Turkey Day game at College Station Thursday. Many telephone calls reached the News today for tickets, following the warning to the public not to go to College Station expecting to see the game unless they had tickets beforehand. However, no one who has procured a ticket has announced that he or she will not brave the weather and attend the game. There will likely be some who will go who will not have tickets. They will likely find scalpers near the grounds offering tickets to the game. This is the case generally and Thursday is not expected to be an exception to the rule. However, every precaution has been made to protect the public.

Americans Are Chief Among Rum Runners

HALIFAX, N. S., Nov. 28.—Every time the prohibition enforcement officials figure out a new way to stop the rum runners, the latter furnish something else to figure on. The Anglo-American agreement, if one is reached, to permit seizure of liquor smugglers outside the three-mile limit will not worry the rum runners, they said. The proposed agreement would apply to vessels flying the British flag. All the smugglers will have to do, according to local shippers who know their ways, is to change the registry of their vessels to French, Brazilian, Argentine, Panamanian, or something else.

Gridiron Attractions Thanksgiving

BY HENRY L. FARRELL
(United Press Sports Editor)
NEW YORK, Nov. 28.—That well-known cliche, the metaphorical grin, never and swan song singer does its usual dropping tomorrow on the 1923 football stage.

Quantities of good games are scheduled all over the country as "bells and the few teams that do not complete their season's activities in the Thanksgiving Day games will finish on Saturday.

Because it is one of those games that has been handed down for years and years more than any bearing its name on the calendar situation the Cornell-Pennsylvania game at Philadelphia, which perhaps is the bluest game in the east.

The hardest fight and the most important game of the day in the east will be played at Middletown between West Virginia and Washington and Jefferson.

Penn State and Penn State, ancient rivals, will have it out in a game at Allentown, and those who have been

watching the hand of Percy Houghton will be interested to see what his Columbia team does against Dartmouth.

Beaten by Maryland and Lafayette, Pennsylvania looks at least four touchdowns behind Cornell, while some of the experts figure that Cornell may open up entirely in its last game of the season and make a track meet out of the game.

At Gil Dobie, the most pessimistic coach in the world, said recently that his Cornell team would have a time holding Penn down to twenty-one points.

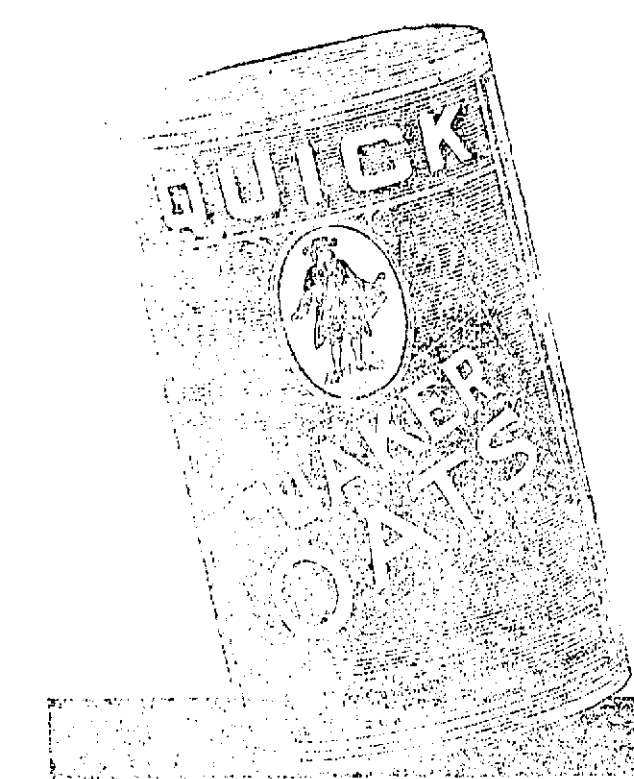

Dobie said that he had a good team at Cornell, not a great team, and that it really was an easy team to defeat.

One nice thing about Dobie's pessimistic outbursts is that they are not dangerous. No one believes them.

Two powerful teams, strong candidates for eastern honors, will battle in the West Virginia-Washington and Jefferson game. Opinion leans slightly in favor of the West Virginians.

Quick Quaker

cooks in 3 to 5 minutes
Makes Oats the Quickest Breakfast

Your grocer now has 2 styles of Quaker Oats—QUICK QUAKER and regular Quaker Oats, the kind you've always known.

For a hot breakfast quick, ask for QUICK QUAKER.

Cooks in half the time of coffee—scarcely longer than simple toasted bread. Same plump oats as regular Quaker Oats. But cut before flaking, rolled very thin and partly cooked—smaller flakes that cook faster, that's the only difference. All that rare Quaker flavor. All the joy of hot breakfasts without bother or delay.

Grocers now have two kinds of Quaker Oats—Quick Quaker and Regular Quaker Oats. Be sure you have always known.

Kansas City Southern Files Objections To Beaumont Port Arthur Line Which If Accepted Means Death to Line to Mexia

On a recent visit to Houston, secretary Stollenwerk of the Chamber of Commerce, called on President R. C. Huff and General Manager W. W. Smith of the Waco, Beaumont, Trinity and Sabine Railroad company. On his visit the secretary learned that the attention of the Railroad company at the present time centered on their application to build to tide water at Port Arthur.

It appears that the Kansas City Southern Railway company has filed in objection to the building of this line from Beaumont to Port Arthur, alleging to the Interstate Commerce Commission that there is no economic necessity for this road and that it will not tend to develop the territory served.

The officials of the Waco, Beaumont, Trinity and Sabine Railroad state that they are giving all of their attention to this case before the Interstate Commerce Commission and that if this case is lost, they will not extend their line to Beaumont as previously intended. In the first place they did not anticipate such an impediment and the claim of the Kansas City Southern is regarded by them to be highly unjust and nothing more or less than an attempt to monopolize the terminals at tide water at Port Arthur.

In connection with this case it is pointed out that if built from Waco to Port Arthur the Waco, Beaumont, Trinity and Sabine will tend to develop considerable territory not now served by any railroad, particularly parts of Leon and Limestone counties, and will furnish another outlet to tide water for cotton, grain and other products of the districts served. They also point out that the Kansas City Southern touches a very small part of Texas, crossing a corner of Bowie County in the extreme northeast part of the state and then re-entering Texas in the southeastern edge of the state, cutting off a very small corner of Newton county, traversing Orange and Jefferson counties, through Mansfield, Beaumont and thence to Port Arthur. In other words it is a Louisi-

County Semi-Centennial Celebration Scheduled at Groesbeck December 20th; All Communities Urged To Participate

Secretary J. E. Farrow of Groesbeck Chamber of Commerce was in Mexia Tuesday, the object of his visit being an invitation to Mexia Chamber of Commerce to participate in the Limestone County semi-centennial celebration which will be held in Groesbeck on Thursday, December 20th. Mr. Farrow states that it is the intention of the Groesbeck people to make this celebration a county wide affair and that not only Mexia but that all of the towns in the county would be invited to participate.

He also states that any business firm in Mexia, that desire to do so is invited to put a float in the parade that would be an advertisement of their business. These floats will be permitted, as well as floats from different towns, public institutions and schools. The program as has been about decided on to date is for a mammoth parade at 11 a. m. In this parade will be floats representing the different towns, schools, industries and commercial institutions. There will be two or three bands in this parade and it is expected to be the greatest event of its kind ever held in Limestone County.

After the Parade all of the visitors will be the guests of the people of Groesbeck at a barbecue dinner. Preparations for this dinner are already well under way and a big time is expected.

At 1:30 p. m. the Masonic Fraternity will have charge of the laying of the corner stone of the new court house and it is expected that the Most Worshipful Grand Master of the Texas Grand Lodge will be present to preside over these ceremonies.

Immediately following the corner stone laying there will be about two

Express Delivery Limits Extended Throughout Mexia

The Chamber of Commerce office is advised by the State Railroad Commission that the express delivery limits of Mexia will be extended in the near future. The exact territory to be included in this extension has not yet been promulgated but it is presumed that it will at least include that portion of the residence district reached by the paving. At present Canton street is the eastern limit for free delivery and the Chamber of Commerce office hopes to be able to announce the new boundary lines in the near future.

Texas University Items of Interest

TEXAS LEADS ALL IN AFFILIATED SCHOOLS

AUSTIN, Texas, Nov. 23.—Texas has more affiliated high schools and preparatory schools than any other state in the South, according to Registrar E. J. Mathews, of the University of Texas, who will represent the interests of the accredited schools at the annual meeting of the Association of Colleges and Preparatory Schools of the Southern States, in Richmond, Va., December 6-7. Dr. W. J. Battle, profr of classical languages at the University, will also attend the meeting, as a representative of the University. Texas has five colleges represented in the association, including Southwestern University, Rice Institute, Southern Methodist University, Texas Christian University, and the University of Texas.

WINDOW CLEANERS IS UNIQUE ORGANIZATION

AUSTIN, Texas, Nov. 23.—With a reputation for dexterity and speed in washing windows, the University Window Cleaners Association of the University of Texas has attracted much favorable comment. The members are students who are earning their expenses while attending school by washing windows. They have an orange and white ladder and special window-cleaning apparatus, which is said to shorten the process perceptibly. The association is a branch of the national organization of University Window Cleaners which was founded in 1915 at the University of Colorado in Boulder, by two brothers. It is now established in twelve colleges.

100 SCHOOLS TO BE REPRESENTED

AUSTIN, Texas, Nov. 23.—It is expected that at least a hundred principals, coaches and superintendents of Texas high schools will attend the fourth annual Interscholastic League

breakfast and section meeting to be held in Fort Worth on the morning of November 30. Roy Bedichek, head of the Interscholastic League has arranged a program. A revision of the football plan will be discussed.

N. I. A. C. MEETS AT ATLANTA DEC. 27-28

AUSTIN, Texas, Nov. 23.—The University of Texas will be represented at the National Intercollegiate Athletic Conference at Atlanta, Ga., December 27-28 by Dr. D. A. Penick, chairman of the seventh district of the National Intercollegiate Athletic Association, and by L. Theo Belmont, director of athletics in the University. The purpose of the organization is the standardization of collegiate athletics all over the country and to sponsor the highest form of sportsmanship.

Head Stuffed By Catarrh or Cold?

If your nostrils are clogged, your throat distressed, or your head is stuffed by nasty catarrh or a cold, apply a little pure, antiseptic, germ-killing cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more hawking, snuffling, dizziness or struggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.—(Adv.)

FELT TIRED, SO TIRED

Indiana Lady Says She Was Run-Down, Suffered With Her Back, Took Cardui, and Got Well.

Richmond, Ind.—"I thought I would write a line or so, to say that I owe my good health and strength to Cardui," says a letter from Mrs. Cora Courtney, 31 Railroad Street, this city.

"I was all run-down until my family thought they would lose me," writes Mrs. Courtney. "My husband coaxed me to take Cardui, so, to please him, I did, and will say I do not regret it, for I am able to do all my work and do my shopping."

"I have five children, four in school, my husband and a boarder to do for, and I do all my own work for all of us, and find time to play. We all praise Cardui. Every sick and run-down woman should take this wonderful medicine."

"I suffered with my back; a very weak feeling in my limbs."

"I felt hardly able to drag; just tired—so tired all the time."

"It was an effort for me to do anything, but Cardui helped me so I felt like a different woman."

If you are in a run-down physical condition, suffering as this Indiana lady says she did, give Cardui a fair trial. It should help you.

Take Cardui. NC-147

Says Red Pepper Heat Stops Pain In Few Minutes

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub. Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once.

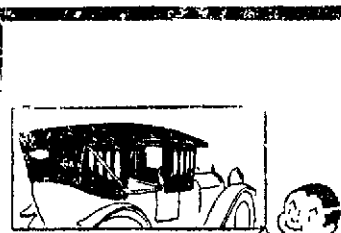

Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Be sure to get the genuine, with the names Rowles on every package.—(Adv.)

PAST EATERS SAVE MONEY

BERLIN (United Press).—Slow eaters are penalized in Germany. A diner starting to eat at 3 o'clock and finishing at 4 will find the prices have increased during the meal, following the new official mark quotation. The usual question asked with each order nowadays is: "Will I pay the morning rate or the afternoon rate?"

Mules for farm work increased 30 per cent in the ten years between 1910 to 1920.

Don't Judge Pictures by Frames Around Them

Most people are so heartless and possess so little of the quality of human kindness that all they see in anyone is what is on the outside. Naturally those who are handicapped in presenting a pleasing appearance by pimples, blotches, "breaking out," eczema, etc. on their skin are not going to get any attention. That is the reason you find such folks so backward and shrinking from the "cold shoulder" they have come to expect.

You can "make the frame as lovely as the picture really is" by simply getting rid of those skin disfigurers, if you will just use the wonderful Black and White Ointment. Then your good nature and sweet ways will stand out without any drawback, and folks will want to be around you. It is economically priced in liberal packages. The 50c size contains three times as much as the 25c size. All dealers have it.—Adv.

Itching Eczema Gone!

People who have endured tortures from itching eczema will be happy to learn that a means of relief has been perfected and is already enjoying unheard of popularity on account of the quick way it gets rid of the awful disease of the skin which nobody seemed able to figure out before.

Most all dealers have been forced to get a supply of this Black and White Ointment on account of the tremendous demand which has already reached the mammoth rate of nearly two million packages a year in its sales.

It is economical too. The big 50c package contains three times as much as the liberal 25c size. (Adv.)

LOVE PIRATES THEME OF SCREEN DRAMA

Ruthless love pirates, men who follow the guide of their primal impulses, far from control of law and order—these are the types that play out their drama in "Where the North Begins," the picture announced as the feature attraction at the National Theatre for Thursday, Friday and Saturday.

The setting is in the snowy northern wastes, and specifically in a Hudson Bay trading post, where Shad Galloway, the factor, lords it with an iron fist. He has cast his eyes on young Police McTavish, regardless of the fact that her heart is already given to Gabriel Dupre, a French-Canadian trapper. This brings out the high points of the action. Shad Galloway hires a band of ruffians to become outlaws and do away with Gabriel, who is wounded and saved from the intrigue only by the unexpected arrival on the scene of a wild dog, who had strayed while a puppy and been brought up with the wild wolves.

It is a Warner Brothers classic of the screen, directed by Chester M. Franklin, with the following cast of players: Claire Adams, Walter McGrail, Pat Hartigan, Myrtle Owen, Charles Stevens, Fred Huntley and Rintintin, the clever police dog, around whom much of the action revolves. "Where the North Begins" was filmed in the wild Feather River country, in Plumas County, California, a wild area given over to the pines and snows.

THE extremely fair prices asked for Goodyear Tires year in and year out are shown in the chart above. Goodyear Tires are selling today for 45% less than in 1920; 39% less than in 1914. Despite this, their quality was never so high as now. This is a good time to buy Goodyears.

As Goodyear Service Station Dealers we sell and recommend the new Goodyear Cord with the bonded All-Weather Tread and back them up with standard Goodyear Service.

Give Your Sole a Genuine Treat

You have thrown many a pair of good shoes away just because the soles were worn through. Perhaps the counters were out of shape, and the welts may have been "shot." Don't do it again. No matter what the condition of the shoe, if the upper is good we can rebuild it and make it almost like new. Perhaps there is a pair of shoes in your closet right this minute that need attention. Bring them to us and permit us to advise you. They may be saved, and many more weeks of wear put into them at very small expense. Be thrifty—have 'em repaired.

RAIN GENERAL AND HEAVY THROUGHOUT SECTION SAYS MANAGER TELEPHONE COMPANY

According to Jore Cason, Manager of the Southwestern Bell Telephone Company, the entire section between Canyon and Bryan is being drenched with steady rain. The waterfall at Tuesday, continued most of the day and throughout today. The rains seem to be general. He had talks with Wortham, Richland, Corsicana, Canton, Kosse, Diamond and Bryan. All places the reports were universal that heavy rains were falling. Roads were also reported in bad condition on account of the waterfall.

PORTLIGHTS By JIMMIE

The dopsters must be sitting up at night trying to figure out who will be the Southwest Conference champions. Which ever way the games go tomorrow there is bound to be a lot of heated arguments as to the real champions. S. M. U. and Baylor clash at Dallas Thursday both with perfect percentages as neither have been defeated, but the Methodists have a better record as they have no tie games on their string of victories.

Should A. & M. win over Texas Thursday the winner of the Baylor-S. M. U. clash will be the champions, although that hardly seems fair because Texas has defeated some of the strongest teams in the Southern conference, including Vanderbilt who leads the Southern teams this season. While the Beas and Mustangs have had a lighter schedule.

On the other hand should the Steers win over the Aggie and the Mustangs from the Waco aggregation, the Methodists have an edge over Texas as they have no tie scores, and will claim the championship.

If Baylor and Texas both win over opponents, nothing in the world but a no-tie game can name the real champions, and that is improbable that they could be matched again this season.

If all reports from Austin are taken at face value we suppose the Longhorns will have to enter play this season. First men team as predicted by the first string men here. They have exact a good many more wins will regenerate enough to gain

a few yards for their Alma Mater tomorrow.

Coch Bible is silent as to the game tomorrow but his team has never been scored on at College Station by the Longhorns, and if they can turn tomorrow's game into victory they will be able to turn a very unsuccessful season into a glorious final.

Yes, the fans who stay in Mexia tomorrow will get to see a real football game after all. The Westminster College Wild Cats will play Decatur Baptist College at Nowlin Park Thursday afternoon at 2:30. The Tehuacana squad has had a very successful season and we are glad to see them come to Mexia to play, and we hope they will feel as if they are playing at home.

Rice Students Go On Monkey Hunt

HOUSTON, Texas, Nov. 28.—"Monkey Business" stopped the curriculum in some classes at Rice Institute here last week.

Making the rounds in the zoo just across from the school last week, keeper Hans Nagle, discovered that Smack, a large red ape, had taken French leave.

News of the monkey hunt soon permeated Rice. Scores of students abandoned their studies for the more enthusiastic chase, for a monkey hunt doesn't come off every day.

Smack, enjoyed proceedings hugely, sought refuge in a tall tree. Axmen were called into service and be-

gan to cut the tree down. As the limbs began to tremble, Smack would nimbly swing to another tree.

After several trees had been cut down, Smack tired of the sport and swinging down from his perch surrendered and was led back to his cage.

Large Trees From Little Acorns Grow

ORANGE, Tex., Nov. 28.—Mauriceville, a small village in Orange county, with a population of about 50 people, enjoys the distinction of having a Boy's Savings Bank, the only one of its kind in the United States. This boy's bank, starting with sixty cents, today boasts resources of \$29,300.

A youth of 21, Clyde Wilkinson, is president of the bank. It is owned and operated by youths of Orange county. Loans are made to any persons with acceptable collateral. Farmers in the Mauriceville community can secure loans at 8 per cent interest and many of them have taken advantage of the banking facilities of the boy's institution.

The bank is a junior member of the Federal Reserve System.

A group of Orange county boys comprise the board of directors. The bank was originally a boy's saving club to which six boys contributed ten cents each at the start.

Ouch! Lumbago! Rub Pains From Sore, Lame Back

Back hurts you? Can't straighten up without sudden pain, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe firm a strain, and you'll get relief the moment you rub your back with soothing, penetrating St. Jacobs Oil. Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back, and out comes the pain. It is harmless, and doesn't burn the skin.

Lumber up! Don't suffer! Get a small trial bottle of old, honest St. Jacobs Oil from any drug store, and after using it just once you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt, or cause any more misery. It never disappoints, and has been recommended for 60 years.—(Adv.)

YESTERDAY WHILE WAITING FOR

MY OWN wife in the lobby OF A Dallas hotel I fell

INTO CONVERSATION with the MOST INTERESTING person I

THINK I ever met. IT ALL came about through the

FRIENDLY playfulness of A KIDNIE about six years old

ONE OF those unusually PRECOCIOUS YOUNGSTERS who

BORN AND reared in the HOTEL SOON acquires that air

OF COSMOPOLITAN sophistication. THAT IS found in no other

CHILD. HE WAS bouncing his big

RUBBER BALL while an old GENTLEMAN WITH a seamed

FACE AND piercing gray eyes IN WHICH there lurked behind

A LOOK of sadness ineffable DARTS OF humor caught it

BY AND by the ball fell into MY HANDS and the game be-

CAME. THREE CORNERS until the boy

TIRFD AND left us together WHEN WE fell into a

CONVERSATION WHICH touched UPON A half dozen subjects from

THE WONDERS of Texas to the POLICIES OF Lloyd George

OF WHOM he seemed very fond. I ENJOIED listening to him

AND HAD no idea, to whom I was SPEAKING WHEN the Page

APPEARED AND began calling "SIR HARRY LAUDER" at which name

THE KINDLY old gentleman ATTER APOLOGISING left

TO ANSWER a phone call AND I knew then whence came

THE SAD expression and the LOOK OF tears behind the

SMILES FOR I thought of far FLANDERS FIELDS where poppies

BLOOM ABOVE the lonely grave OF CAPTAIN LAURIE his only

Beauty for Girls Youth for women—Let me show you how By Edna Wallace Hopper.

For 10 years I have been a famous beauty. Now, at the age of 62 I am the most talked-about woman in America. In a word, I am Edna Wallace Hopper.

The reason I am so famous is that I have never aged. I have never been sick, and I have never been in a hospital. I have never been in a car accident, and I have never been in a fire. I have never been in a plane crash, and I have never been in a shipwreck. I have never been in a war, and I have never been in a revolution. I have never been in a famine, and I have never been in a plague. I have never been in a drought, and I have never been in a flood. I have never been in a earthquake, and I have never been in a volcano. I have never been in a hurricane, and I have never been in a typhoon. I have never been in a tsunami, and I have never been in a comet. I have never been in a meteor, and I have never been in a asteroid. I have never been in a black hole, and I have never been in a white hole. I have never been in a wormhole, and I have never been in a time machine. I have never been in a teleporter, and I have never been in a teleportation device. I have never been in a teleportation chamber, and I have never been in a teleportation room. I have never been in a teleportation station, and I have never been in a teleportation terminal. I have never been in a teleportation hub, and I have never been in a teleportation center. I have never been in a teleportation point, and I have never been in a teleportation node. I have never been in a teleportation gateway, and I have never been in a teleportation portal. I have never been in a teleportation bridge, and I have never been in a teleportation tunnel. I have never been in a teleportation passage, and I have never been in a teleportation corridor. Back From Hunt Loaded with Deer

T. O. Meador and C. O. Anderson returned Wednesday morning from a few days hunting trip in West Texas. They said when they strated that they would stay until they killed a deer, and they made good, for they brought back two of the deer things. They report a fine trip.

CARD OF THANKS

We wish to thank our many kind friends for their help and sympathy during our recent bereavement and for the beautiful floral offerings. May God's richest blessings rest upon you. Mr. and Mrs. Levi Thompson. Mr. and Mrs. J. L. Thompson.

Ford Trucks Are Bought On Performance Records

If you were to ask a hundred—or a thousand—Ford truck owners why they use Ford trucks in preference to all others, they would likely say, "Because the Ford stands up."

They know that under the endless grind of daily service the Ford stays on the job month in and month out, with very little mechanical care, and with practically no expense for repairs or replacements. They buy to get performance.

A few might add that the Ford is the lowest priced truck on the market. But they would emphasize the work this truck does, not its initial cost, in accounting for the fact that there are more Ford Trucks in use today than all other makes combined.

Texas Panhandle Covered With Heavy Snow Blanket

Heaviest Fall Of The Year Throughout Section

HOUSTON, Texas, Nov. 28.—Heavy snow and ice fell over West Texas last night and Wednesday. Rain was reported from Oklahoma south to Arizona and to El Paso. The heaviest snow fall of the year is reported in the Panhandle. Three inches of snow covered the mountains around Fort Stockton. All night long the snow fell steadily and the mountains were covered with a heavy blanket of white. The snow was reported to be the heaviest fall of the year in the section.

WHERE NEW YORK COMPTROLLER WILL SERVE SENTENCE.

This is the Essex County Jail, at Newark, N. J., where Charles L. Craig, Comptroller of the City of New York, will serve a term of 60 days under a sentence imposed upon him by Federal Judge Julius L. Mayer, who charged him with contempt of court. The contempt charged was contained in a letter written by Mr. Craig to the judge's decision in matters pertaining to transit affairs in which the City of New York was involved.

GRATITUDE

By BEN B. HUNT

O, how many think because the path has been a little hard, That they have not received a thing, Which to thank their God. And yet, when they begin to count Their blessings, they have had, In store for many, many things To make them mighty glad.

No one has been quite free from sin, And none has served Thee right, O Lord, but Thou hast ever been ready To help us in our plight. We know the Lord has truly been Awake to all our needs, And listen'd to our pleading voice, Regardless of our crimes.

He has indeed been kind to all, And more than kind to me; No one on earth deserves the things The Lord has given free, And now, O Lord, we lift our hearts On this Thanksgiving Day, And thank Thee for the blessed things That God has sent our way.

We thank Thee for the many friends We've met along the way, For they have charm'd us with their love, And made us mighty gay! We are thankful for the sunshine, And also for the rain; (It wouldn't do for life to be Devoid, entire, of pain.)

CHURCHES OF THE CITY PLAN THANKSGIVING DAY SERVICE AT THE FIRST BAPTIST CHURCH

The churches of Mexia will hold joint services at the Baptist church Thanksgiving Day. The service of thankfulness and gratitude will be held at the Baptist church at 10 o'clock in the morning. All the pastors of the city will participate in the program and the sermon will be delivered by Rev. G. T. Reeves, pastor of the First Christian church.

The choirs from all local congregations and visiting singers are cordially invited to form one great choir for the song service which will be a great inspiration and under able leadership. The public is cordially invited.

Ladies To Serve Turkey Dinner At Nowlin Post Headquarters To The Public Tonight, 6:00 TO 8:00

The Ladies Auxiliary of the American Legion will serve a Turkey Day Thanksgiving Dinner at the American Legion hall this evening at 6:30. There will be turkey and dressing, gravy, salads of all kinds, pies that mother baked, mince meat and pumpkin, several kinds of cakes and other good things that round out an appetizing and satisfying old fashioned Thanksgiving dinner. All of this will be served at 30c a plate, from 6 to 8 o'clock. There will be no program and no formalities. The public is invited to the dinner. Everyone is welcome and even urged to eat at the Post headquarters.

FORMAL REQUEST FOR THE PARDON OF COMPTROLLER. WASHINGTON, Nov. 28.—The first formal request for a pardon for Comptroller Craig was received by President Coolidge. The application was made by the Board of Estimates of New York, asking that Craig, now under a 60 days jail sentence, be pardoned.

Progressives And Democrats Work To Smash Administration

By PAUL R. MALLON (United Press Staff Correspondent) WASHINGTON, Nov. 28.—Progressive chiefs are conspiring with the Democrats of the Senate today to wreck the administration machine. The progressives want to make Senator La Follette, chairman of the Interstate Commerce Committee and all they need to do it is enough Democratic votes. The Interstate Commerce Committee will have charge of revising the railroad law and would be a big prize for the progressives who want lower

South And Far Decatur Baptist College West Not As Wet As In The Past

NEW YORK, Nov. 28.—According to reports received by United Press, Thanksgiving day will be celebrated from Maine to California with cheer that does not all come from turkey. In some instances merry making will have a less liquid form than last year, especially in the south and far west. In most parts bootleggers report business booming, with prices of high quality poor. "Scotch" per quart is \$4.50 in New York, \$15 in Kansas City, \$10 in San Francisco, \$12 in St. Louis.

Ohio seems fairly dry. Michigan is waiting for night to transport liquor across the border. Agencies of the Federal government are co-operating for a sweeping drive to stem the reported flood of "holiday liquor."

MONTREAL, Nov. 28.—Holiday bootleggers are doing a brisk business along the Canadian border, according to reports here today, but not out of Montreal. Things got too hot for the whiskey pirates in Quebec sometime back so they shifted operations to Eastern Ontario cities, including Kingston and Cornwall.

"New routes into the United States constantly are being opened up," one rum agent said. "Business is good and prices fair."

CLEVELAND, Ohio, Nov. 28.—Cleveland bootleggers will experience no extra prosperity during Thanksgiving, according to present indications. Only the "speak easy" joints are open. In these places a poor grade of Canadian whiskey is sold at \$10 per quart while "home brew" and a corn mixture sells cheaper. The police blotter shows comparatively few drunks for the holiday season.

KANSAS CITY, Mo., Nov. 28.—Illicit liquor dealers in Kansas City were apparently doing a normal business today without much indication of a "holiday rush." Plenty of intoxicants of every variety could be had from high grade Bourbon to low grade fusil oil.

Best business was reported in gin at \$2.50 a pint. Large quantities of "white mule" were also sold at lower prices. Bourbon, which appeared normal, was sold to selected customers at \$8 a pint. It was brought through by trucks from Mexico—at least that was the bootlegger's story.

freight rates for the farmers. A meeting of progressive leaders has been called for today at the office of Senator Borah. Senator Brookhart probably will be in charge.

The progressives are not fully prepared for the showdown. They planned to let matters drift along for a few weeks so they could get things lined up before the big assault on the Republicans. But the way was open for them when Senator Cummins refused to resign the presidency of the Senate or the chairmanship of the Interstate Commerce Committee. Republican leaders then had to consent to let Cummins hold both jobs and in doing so broke off compromise negotiations begun by Progressives.

Mexia football fans will be treated to an excellent game Thanksgiving Day when college football is played by two strong contenders at Nowlin Park.

Through the efforts of the Chamber of Commerce, the grandstand and park have been secured for the game when Westminster College of Tehuacuna plays the strong eleven from Decatur Baptist College.

The Decatur team arrived on the noon train from Dallas and were met by the Westminster bus. The squad is composed of a big husky set of fellows and the game is certain to be a real one. On account of the rain, the game will probably be one of straight football with little attempt at the overhead route. The Westminster club has been playing exceptionally strong the last half of the season, is well coached and eager for the encounter which will be the first played on the local gridiron by the nearby collegians.

Over 120 students attended Westminster which is only a few minutes ride from Mexia and a large attendance should not only be present to see a good game but to give the college the support such an institution merits from its home community.

O! Pshaw! Leaders Of Persia Say of The Young Shah

MARSEILLES, Nov. 28.—The youthful Shah of Persia, disregarding vehement protests by his Cabinet and members of the Persian Parliament, arrived here today for a good time along the Riviera and in Paris.

His Ministers protest the Shah is over fond of the gaudies of life in France and that His Highness is spending most of his time and too much money in this country. It is common gossip that the Shah is greatly attracted by a dancer at the opera.

INTERMEDIATE LEAGUE ENJOYS THANKSGIVING PROGRAM AND PARTY

The Intermediate League of the Methodist Church under the leadership of Mrs. Krueger enjoyed a Thanksgiving program at the church Monday night followed by a party. Both amusing and helpful contests were engaged in, games were played and a general good time was voiced by all present. Refreshments consisting of hot chocolate, cakes and sandwiches were served, which as usual proved to be the leading attraction, after which we parted to meet again Sunday night at six o'clock.

TEXAS DOCTOR MAKES NOTABLE DISCOVERY

NEW ORLEANS, La., Nov. 28.—"Scopolamin" is a success as a variety testor, local physicians believed today after witnessing two days' demonstration on local newspaper reporters and prisoners in the Orleans parish prison here. The demonstrations were made by Dr. F. E. House, of Ferris, Texas, inventor of the chemical, which is said to cause criminals and others to reveal facts in their lives while under its influence.

OVER A HUNDRED WILL GO FROM HERE TO BIG GAMES

Probably a hundred Mexnites will attend the Turkey Day game at College Station Thursday. Many telephone calls reached the News today for tickets, following the warning to the public not to go to College Station expecting to see the game unless they had tickets beforehand. However, no one who has procured a ticket has announced that he or she will not brave the weather and attend the game. There will likely be some who will go who will not have tickets. They will likely find scalpers near the grounds offering tickets to the game. This is the case generally and Thursday is not expected to be an exception to the rule. However, every precaution has been made to protect the public.

Through the News, tickets for 28 men and women have been secured while many others secured tickets through friends or by handling the matter direct with Austin and College Station officials.

There is no special car for Mexia but it seems from the great number that are sure to go from here that a special car should yet be arranged for the comfort of such a great number. The special will arrive over the H. & T. C. at 10:10, reaching College Station at 12:15, and returning will start home at 6:15 reaching Mexia at 9:00.

Americans Are Chief Among Rum Runners

HALIFAX, N. S., Nov. 28.—Every time the prohibition enforcement officials figure out a new way to stop the rum runners, the latter furnish something else to figure on.

The Anglo-American agreement, if one is reached, to permit seizure of liquor smugglers outside the three-mile limit will not worry the rum runners, they said. The proposed agreement would apply to vessels flying the British flag. All the smugglers will have to do, according to local shippers who know their ways, is to change the registry of their vessels to French, Brazilian, Argentine, Panamanian, or something else.

Most liquor smugglers are declared to be Americans who have bought or chartered British ships under dummy companies for reasons that have been sufficient up until the present. If the British flag loses its protective power along run row the rum runners will change to some other registry, it is stated.

MEN CONFESS TO PART IN CRIME

NEW YORK, Nov. 28.—District Attorney Dodd of Brooklyn, has announced that Diamond brothers, Morris and Joseph, have made a complete confession of their part in the hold up and murder of two bank messengers November 14. Both denied firing the fatal shots and named three gunmen as the murderers. Morris said his brother knew little about the affair. Anthony Pantano was arrested as a "tip off" man in the crime and agreed to make a complete confession of his part.

THANKSGIVING

Every American is called upon to observe Thursday November 29 as a day of Thanksgiving.

Every American of every class and creed has something for which to be thankful. It matters not how filled with the piercing shafts of disappointments the year has been; it matters not how many friends have proven faithless nor how many tottering feet have erred from righteous paths; even though hearts may be bleeding because of death, in high position or humble paths, rich or poor, in prison or out, all who are Americans have a just cause to be thankful. They are Americans, living in the grandest nation that ever unfurled a flag.

If Americans would meditate calmly on the matter, the very fact that they are American is a sufficient cause for rejoicing and thanksgiving. Instead of that we are confronted all too frequently with a growing discontent which seeks to place the blame for real or imaginary ills, not upon the inhabitants or citizens, where the blame belongs in a free self governing community, but upon our republican form of government. Many of them say that America is doomed to decay and are doing what they can to hasten the hour of destruction.

The right tests for Americans in estimating their blessings are: how does their present benefits compare with those received by the early Americans who inaugurated Thanksgiving day? how does America compare with other nations of the world?

The President says we have been blessed with much of material prosperity. We shall be better able to appreciate it if we remember what we have suffered and we shall be made the more worthy of it, if we use it for their relief. We will do well then to render thanks for the good that has come to us and show by our actions that we have become stronger, wiser and truer by the chastenings that have been imposed upon us. We will thus prepare ourselves for the part we must have in a world which forever needs the full measure of service. We have been a most favored people. We ought to be a most generous people. We have been a most blessed people. We ought to be a most thankful people.

Let us assemble at our union service Thursday and throughout the community make it a day of real Thanksgiving by expressing our gratitude in some practical manner.

Let us give this Thanksgiving day the same religious significance, fervor and feeling, that marked the season and celebration by our forefathers in the dawn of American history, honor, chivalry and glory.

THE NEW RAILROAD THREATENED

Again the matter of a Waco-Mexia

in-Beaumont-Port Arthur railroad is a subject concerning which the commercial organizations of the communities along the proposed route may speak with power and effect. According to information secured by Secretary Ben Stollenwerk of the Mexia Chamber of Commerce, the Kansas City Southern, inspired solely by its own special interests, is seeking to thwart the construction of a very needed railroad and to retard the progress of a state which its line barely touches.

Not only would a vast agricultural domain be opened for highest development by such a railroad, but transportation would be afforded and a contact made with other tremendous and untouched resources. Between here and Trinity lie mineral resources without a successful rival in the state. An eminent geologist has said so. In the territory mentioned, for example, are huge quantities of Fuller's Earth, a variety of clay that is known to have a high capacity for absorbing organic and min-

The coaches were crowded with passengers.

The train stopped at a little town just outside an eastern city. Many more got on. Among them were a lovely old lady upon whose head lay the snows of eighty winters and a young mother with a babe in arms and another toddling at her apron strings. They crowded down the aisles in full view of the unimpaired and apparently physically perfect men and women. Finally they

With the line of transportation laid from here there, entering the greatest oil fields of the nation at Mexia, this would be a logical center for great ceramic and chemical plants, and with the proper publicity of such resources, combined with united effort and aid, the possibilities are pleasing to contemplate.

By all means the directors of the Mexia Chamber of Commerce should follow the action of the Port Arthur Chamber of Commerce, and endorse fully the appeal made by Colonel Duff to be given an opportunity to help develop a rich area of a great empire.

approached a seat occupied by a middle aged man from Texas. He sprang to his feet at once and invited the elderly one to have his seat. She accepted, with her most polite bow and beaming countenance. "Thank God, there is one gentleman on this train," she said, adding "You're from the South, I reckon." He thanked her for the compliment and true verdict. Across on the other side of the car reclined a swarthy son of some foreign land, surlyly watching what was going on. The Texan turned to him and said: "Look, her feller, can't you let this lady and her babies have your seat. I don't suppose you're going any farther than I am and I'd stand up all the way before I'd see a lady without a seat." The low brow peered through his heavy lashes at the blue fists of the man from the broad open spaces and said "Where you going?" But he gave the mother and babies his seat. "Thank God, there is one gentleman on this car," again said the old lady. In her eyes lay the shining light of memories—memories dear, of memories that form a priceless heritage for South-erners even in this day of woman suffrage and equal rights. They were memories of the charm of Dixie, of the days of chivalry and purity which should never die.

Puffed Grains

Steam exploded—airy, flavory

8 times normal size

Quaker Puffed Wheat and Quaker Puffed Rice are whole grains steam exploded. Over 125 million steam explosions are caused in every kernel.

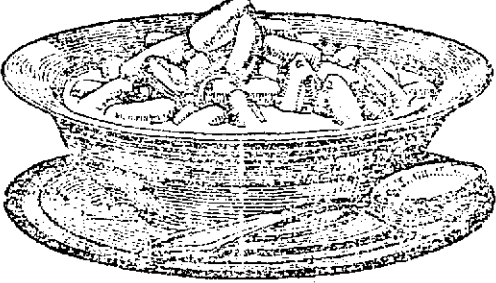

The food cells are broken, so digestion is made easy and complete. The grains are puffed to airy globules, thin and flaky, with a taste like toasted nuts.

Thus whole grains are made enticing. People revel in them morning, noon and night.

They are served by the millions of mothers who want their children to eat whole-grain foods in abundance. At breakfast with cream and sugar, between meals with melted butter, at night in bowls of milk.

Whole wheat supplies 12 minerals which growing children must have. It provides their need of bran. And milk supplies the vitamins.

Here whole wheat is made a food confection, by Professor Anderson's great process. And the finest cereal dainties people ever tasted are made of rice and wheat.

Gridiron Attractions Thanksgiving

BY HENRY L. FARRELL
(United Press Sports Editor)

NEW YORK, Nov. 28.—That well-known curtain, the metaphorical grim reaper and swan-song singer does its annual dropping tomorrow on the 1923 football stage.

Quantities of good games are scheduled all over the country as finales and the few teams that do not complete their season's activities in the Thanksgiving Day games will finish on Saturday.

Because it is one of those games that has been handed down for years and years more than any bearing it has on the eastern situation the Cornell-Pennsylvania game at Philadelphia perhaps is the biggest game in the east.

The hardest fight and the most important game of the day in the east will be staged at Morgantown between West Virginia and Washington and Jefferson.

Pittsburgh and Penn State, ancient rivals, will have it out in a game at Pittsburgh, and those who have been

watching the hand of Percy Houghton will be interested to see what his Columbia team does against Dartmouth.

Beaten by Maryland and Lafayette, Pennsylvania looks at least four touchdowns behind Cornell, while some of the experts figure that Cornell may open up entirely in its last game of the season and make a track meet out of the game.

Gil Dobie, the most pessimistic coach in the world, said recently that his Cornell team would have a time holding Penn down to twenty-one points.

Dobie said that he had a good team at Cornell, not a great team, and that it really was an easy team to defeat.

One nice thing about Dobie's pessimistic outbursts is that they are not dangerous. No one believes them.

Two powerful teams, strong candidates for eastern honors, will battle in the West Virginia-Washington and Jefferson game. Opinion leans slightly in favor of the West Virginians.

Penn State, even though badly crippled

and unable to present anything more than 55 per cent of its normal strength, is favored to defeat the erratic Pittsburgh eleven.

Columbia may give Dartmouth a fight.

With all of the western conference teams past the end of the season's road, the schedule in the middle west is only spotted and has few games of outstanding importance.

Kansas City Southern Files Objections To Beaumont Port Arthur Line Which If Accepted Means Death to Line to Mexia

On a recent visit to Houston, secretary Stollenwerk of the Chamber of Commerce, called on President R. C. Duff and General Manager W. W. Smithy of the Waco, Beaumont, Trinity and Sabine Railroad company. On his visit the secretary learned that the attention of the Railroad company is at the present time centered on their application to build to tide water at Port Arthur.

It appears that the Kansas City Southern Railway company has filed in objection to the building of this line from Beaumont to Port Arthur, alleging to the Interstate Commerce Commission that there is no economic necessity for this road and that it will tend to develop the territory served.

The officials of the Waco, Beaumont, Trinity and Sabine Railroad state that they are giving all of their attention to this case before the Interstate Commerce Commission and that if this case is lost, they will not extend their line to Beaumont as previously intended. In the first place they did not anticipate such an impediment and the claim of the Kansas City Southern is regarded by them to be highly unjust and nothing more or less than an attempt to monopolize the terminals at tide water at Port Arthur.

In connection with this case it is pointed out that if built from Waco to Port Arthur the Waco, Beaumont, Trinity and Sabine line will tend to develop considerable territory not now served by any railroad, particularly parts of Leon and Limestone County, and will furnish another outlet to tide water for cotton, grain and other products of the districts served. They also point out that the Kansas City Southern touches a very small part of Texas, crossing a corner of Bowie County in the extreme northeast part of the state and then re-entering Texas in the southeastern edge of the state, cutting off a very small corner of Newton county, traversing Orange and Jefferson Counties, through Mansfield, Beaumont and thence to Port Arthur. In other words it is a Louisi-

ana, Oklahoma, Missouri and Kansas railroad making a palpable attempt to monopolize the benefits from a Texas Port and the officials of the Waco, Beaumont, Trinity and Sabine railroad are convinced that the Interstate Commerce Commission will not grant the application of the Kansas City Southern if they have a thorough understanding of the points at issue.

It is also a recognized fact that within a comparatively short period of years that the lumber industry in southeast Texas will have been a thing of the past, and this railroad, if built, will enable the territory traversed and served to develop along agricultural and industrial lines after the timber is all gone. It is fully expected that within 10 years a large trade in lumber, originating in Seattle, Washington, and handled by Coastwise vessels through the Panama Canal thence through Texas ports, will be a heavy traffic and this road will then serve as a carrier of this class of traffic as well as tending to make a cotton and grain port of Port Arthur.

The Port Arthur Chamber of Commerce has passed a resolution condemning the action of the Kansas City Southern and endorsing the petition of the Waco, Beaumont, Trinity and Sabine. The Mexia Chamber of Commerce will consider the subject at its next meeting of Board of Directors.

County Semi-Centennial Celebration Scheduled at Groesbeck December 20th; All Communities Urged To Participate

Secretary J. E. Farrow of Groesbeck Chamber of Commerce was in Mexia Tuesday, the object of his visit being an invitation to Mexia Chamber of Commerce to participate in the Limestone County semi-centennial celebration which will be held in Groesbeck on Thursday, December 20th. Mr. Farrow states that it is the intention of the Groesbeck people to make this celebration a county wide affair and that not only Mexia but that all of the towns in the county would be invited to participate.

He also states that any business firm in Mexia, that desire to do so is invited to put a float in the parade that would be an advertisement of their business. These floats will be permitted, as well as floats from different towns, public institutions and schools. The program as has been about decided on to date is for a mammoth parade at 11 a. m. In this parade will be floats representing the different towns, schools industries and commercial institutions. There will be two or three bands in this parade and it is expected to be the greatest event of its kind ever held in Limestone county.

After the Parade all of the visitors will be the guests of the people of Groesbeck at a barbecue dinner. Preparations for this dinner are already well under way and a big time is expected.

At 1:30 p. m. the Masonic Fraternity will have charge of the laying of the corner stone of the new court house and it is expected that the Most Worshipful Grand Master of the Texas Grand Lodge will be present to preside over these ceremonies. Immediately following the corner stone laying there will be about two

addresses by prominent Texans whose names will be announced later.

About 6 p. m. there will be an old Fiddlers contest in which prizes will be given and which will carry considerable public interest.

At night a large fire works display is being arranged and it will be one of the biggest celebrations ever held in Limestone County.

Those business firms of Mexia who would like to participate in the parade are requested to notify the Chamber of Commerce of Mexia.

Express Delivery Limits Extended Throughout Mexia

The Chamber of Commerce office is advised by the State Railroad Commission that the express delivery limits of Mexia will be extended in the near future. The exact territory to be included in this extension has not yet been promulgated but it is presumed that it will at least include that portion of the residence district reached by the paving. At present Canton street is the eastern limit for free delivery and the Chamber of Commerce office hopes to be able to announce the new boundary lines in the near future.

Texas University Items of Interest

TEXAS LEADS ALL IN AFFILIATED SCHOOLS

AUSTIN, Texas, Nov. 28.—Texas has more affiliated high schools and preparatory schools than any other state in the South, according to Registrar E. J. Mathews, of the University of Texas, who will represent the interests of the accredited schools at the annual meeting of the Association of Colleges and Preparatory Schools of the Southern States, in Richmond, Va., December 6-7. Dr. W. J. Battle, professor of classical languages at the University, will also attend the meeting, as a representative of the University. Texas has five colleges represented in the association, including Southwestern University, Rice Institute, Southern Methodist University, Texas Christian University, and the University of Texas.

WINDOW CLEANERS IS UNIQUE ORGANIZATION

AUSTIN, Texas, Nov. 28.—With a reputation for dexterity and speed in washing windows, the University Window Cleaners Association of the University of Texas has attracted much favorable comment. The members are students who are earning their expenses while attending school by washing windows. They have an orange and white ladder and special window-cleaning apparatus, which is said to shorten the process perceptibly. The association is a branch of the national organization of University Window Cleaners, which was founded in 1915 at the University of Colorado in Boulder, by two brothers. It is now established in twelve colleges.

100 SCHOOLS TO BE REPRESENTED

AUSTIN, Texas, Nov. 28.—It is expected that at least a hundred principals, coaches and superintendents of Texas high schools will attend the fourth annual Interscholastic League

breakfast and section meeting to be held in Fort Worth on the morning of November 30. Roy Bedichek, head of the Interscholastic League has arranged a program. A revision of the football plan will be discussed.

N. I. A. C. MEETS AT ATLANTA DEC. 27-28

AUSTIN, Texas, Nov. 28.—The University of Texas will be represented at the National Intercollegiate Athletic Conference at Atlanta, Ga., December 27-28 by Dr. D. A. Penick, chairman of the seventh district of the National Intercollegiate Athletic Association, and by L. Theo Belmont, director of athletics in the University. The purpose of the organization is the standardization of collegiate athletics all over the country and to sponsor the highest form of sportsmanship.

Head Stuffed By Catarrh or Cold?

If your nostrils are clogged, your throat distressed, or your head is stuffed by nasty catarrh or a cold, apply a little pure, antiseptic, germ-destroying cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more hawking, snuffling, dryness or struggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.—(Adv.)

FELT TIRED, SO TIRED

Indiana Lady Says She Was Run-Down, Suffered With Her Back, Took Cardui, and Got Well.

Richmond, Ind.—"I thought I would write a line or so, to say that I owe my good health and strength to Cardui," says a letter from Mrs. Cora Courtney, 31 Railroad Street, this city.

"I was all run-down until my family thought they would lose me," writes Mrs. Courtney. "My husband coaxed me to take Cardui, so, to please him, I did, and will say I do not regret it, for I am able to do all my work and do my shopping."

"I have five children, four in school, my husband and a boarder to do for, and I do all my own work for all of us, and find time to play. We all praise Cardui. Every sick and run-down woman should take this wonderful medicine."

"I suffered with my back; a very weak feeling in my limbs."

"I felt hardly able to drag; just tired—so tired all the time."

"It was an effort for me to do anything, but Cardui helped me so I felt like a different woman."

If you are in a run-down physical condition, suffering as this Indiana lady says she did, give Cardui a fair trial. It should help you.

Take Cardui. NC-147

Says Red Pepper Heat Stops Pain In Few Minutes

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once.

Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Be sure to get the genuine, with the names Rowles on every package.—(Adv.)

FAST EATERS SAVE MONEY
BERLIN (United Press).—Slow eaters are penalized in Germany. A diner starting to eat at 3 o'clock and finishing at 4 will find the prices have increased during the meal, following the new official mark quotation. The usual question asked with each order nowadays is: "Will I pay the morning rate or the afternoon rate?"

Mules for farm work increased 30 per cent in the ten years between 1910 to 1920.

Don't Judge Pictures by Frames Around Them

Most people are so nearsighted and possess so little of the quality of human kindness that all they see in anyone is what is on the outside. Naturally those who are handicapped in presenting a pleasing appearance by pimples, blotches, "breaking out," eczema, etc. on their skin are not going to get any attention. That is the reason you find such folks so backward and shrinking from the "cold shoulder" they have come to expect.

You can "make the frame as lovely as the picture really is" by simply getting rid of those skin disfigurements, if you will just use the wonderful Black and White Ointment. Then your good nature and sweet ways will stand out without any drawback, and folks will want to be around you. It is economically priced in liberal packages. The 50c size contains three times as much as the 25c size. All dealers have it.—Adv.

Itching Eczema Gone!

People who have endured tortures from itching eczema will be happy to learn that a means of relief has been perfected and is already enjoying unheard of popularity on account of the quick way it gets rid of the awful disease of the skin which nobody seemed able to figure out before.

Most all dealers have been forced to get a supply of this Black and White Ointment on account of the tremendous demand which has already reached the mammoth rate of nearly two million packages a year in its sales.

It is economical too. The big 50c package contains three times as much as the liberal 25c size. (Adv.)

LOVE PIRATES THEME OF SCREEN DRAMA

Ruthless love pirates, men who follow the guide of their primal impulses, far from control of law and order—these are the types that play out their drama in "Where the North Begins," the picture announced as the feature attraction at the National Theatre for Thursday, Friday and Saturday.

The setting is in the snowy northern wastes, and specifically in a Hudson Bay trading post, where Shad Galloway, the factor, lords it with an iron fist. He has cast his eyes on young Felice McTavish, regardless of the fact that her heart is already given to Gabriel Dupre, a French-Canadian trapper. This brings out the high points of the action. Shad Galloway hires a band of ruffians to become outlaws and do away with Gabriel, who is wounded and saved from the intrigue only by the unexpected arrival on the scene of a wild dog, who had strayed while a puppy and been brought up with the wild wolves.

It is a Warner Brothers classic of the screen, directed by Chester M. Franklin, with the following cast of players: Claire Adams, Walter McGrail, Pat Hartigan, Myrtle Owen, Charles Stevens, Fred Huntley and Rintintin, the clever police dog, around whom much of the action revolves.

"Where the North Begins" was filmed in the wild Feather River country, in Plumas County, California, a wild area given over to the pines and snows.

THE extremely fair prices asked for Goodyear Tires year in and year out are shown in the chart above. Goodyear Tires are selling today for 45% less than in 1920; 39% less than in 1914. Despite this, their quality was never so high as now. This is a good time to buy Goodyears.

As Goodyear Service Station Dealers we sell and recommend the new Goodyear Cord with the bonded All-Weather Tread and back them up with standard Goodyear Service.

Give Your Sole a Genuine Treat

You have thrown many a pair of good shoes away just because the soles were worn through. Perhaps the counters were out of shape, and the welts may have been "shot". Don't do it again. No matter what the condition of the shoe, if the upper is good we can rebuild it and make it almost like new. Perhaps there is a pair of shoes in your closet right this minute that need attention. Bring them to us and permit us to advise you. They may be saved, and many more weeks of wear put into them at very small expense. Be thrifty—have 'em repaired.

RAIN GENERAL AND HEAVY THROUGHOUT SECTION SAYS MANAGER TELEPHONE COMPANY

According to Jere Cason, Manager of the Southwestern Bell Telephone Company, the entire section between Mexia and Bryan is being drenched with steady rain. The waterfall on Tuesday, continued most of the day and throughout today. The rain seems to be general. He had talks with Wortham, Richland, Corsicana, Vernon, Kosse, Bremond and Bryan. In all places the reports were universal that heavy rains were falling. Roads were also reported in bad condition on account of the waterfall.

SPORTLIGHTS

By JIMMIE

The dopsters must be sitting up at night trying to figure who will be the Southwestern Conference champions. Which ever way the games go tomorrow there is bound to be a lot of heated arguments as to the real champions. S. M. U. and Baylor clash at Dallas Thursday both with perfect percentages as neither have been defeated, but the Methodists have a better record as they have no tie games on their string of victories.

Should A. & M. win over Texas Thursday the winner of the Baylor-S. M. U. clash will be the champions, although that hardly seems fair because Texas has defeated some of the strongest teams in the Southern conference, including Vanderbilt who leads the Southern teams this season. While the Bears and Mustangs have had a lighter schedule.

On the other hand should the Steers win over the Aggies and the Mustangs from the Waco aggregation, the Methodists have an edge over Texas as they have no tie scores, and will claim the championship.

If Baylor and Texas both win over opponents, nothing in the world but a post-season game can name the real champions, and that is improbable that they could be matched again this season.

If all reports from Austin are taken face value we suppose the Longhorns will have to either play their clubs or Freshmen team as practically all of the first string men have been reported on the casualty list. Though we expect a good many of them will recuperate enough to gain

even along the Ex-All highway. The Wortham reporter stated that the road to Corsicana from there was all but impassable.

Weather reports coming in to the telephone office also indicate that Thursday will be just as bad overhead and underfoot.

This fact will doubtless cause many who had intended to go to Bryan and to Dallas to see the Turkey Day game, in their automobiles, to go by rail. Hundreds from here will witness the event.

a few yards for their Alma Mater tomorrow.

Coach Bible is silent as to the game tomorrow but his team has never been scored on at College Station by the Longhorns, and if they can turn tomorrow's game into victory they will be able to turn a very unsuccessful season into a glorious final.

Yes, the fans who stay in Mexia tomorrow will get to see a real football game after all. The Westminster College Wild Cats will play Decatur Baptist College at Nowlin Park Thursday afternoon at 2:30. The Tehuacana squad has had a very successful season and we are glad to see them come to Mexia to play, and we hope they will feel as if they are playing at home.

XMAS BOX

The Methodist Ladies Missionary Society are getting up a Christmas Box of good secondhand clothing, also toys, nuts, and candies for the Wesley House of Thurber, Texas. Will be glad to get anything any one will give us. Send your articles to our homes if you have no way—telephone one of the committee. Must have same by Monday.

The Mexia post office will be closed all day tomorrow (Thanksgiving,) and business whatever will be transacted at the windows. Those owning boxes will get their mail as usual.

Rice Students Go On Monkey Hunt

HOUSTON, Texas, Nov. 28.—"Monkey Business" stopped the curriculum in some classes at Rice Institute here last week.

Making the rounds in the zoo just across from the school last week, keeper Hans Nagle, discovered that Smack, a large red ape, had taken French leave.

News of the monkey hunt soon permeated Rice. Scores of students abandoned their studies for the more enthusiastic chase, for a monkey hunt doesn't come off every day.

Smack, enjoyed proceedings hugely, sought refuge in a tall tree. Axmen were called into service and be-

gan to cut the tree down. As the limbs began to tremble, Smack would nimbly swing to another tree.

After several trees had been cut down, Smack tired of the sport and swinging down from his perch surrendered and was led back to his cage.

Large Trees From Little Acorns Grow

ORANGE, Tex., Nov. 28.—Mauriceville, a small village in Orange county, with a population of about 50 people, enjoys the distinction of having a Boy's Savings Bank, the only one of

its kind in the United States. This boy's bank, starting with sixty cents, today boasts resources of \$29,300.

A youth of 21, Clyde Wilkinson, is president of the bank. It is owned and operated by youths of Orange county. Loans are made to any persons with acceptable collateral. Farmers in the Mauriceville community can secure loans at 8 per cent interest and many of them have taken advantage of the banking facilities of the boy's institution.

The bank is a junior member of the Federal Reserve System.

A group of Orange county boys comprise the board of directors. The bank was originally a boy's saving club to which six boys contributed ten cents each at the start.

Ouch! Lumbago! Rub Pains From Sore, Lame Back

Back hurts you? Can't straighten up without sudden pain, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating St. Jacobs Oil. Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back, and out comes the pain. It is harmless, and doesn't burn the skin.

Linger up! Don't suffer! Get a small trial bottle of old, honest St. Jacobs Oil from any drug store, and after using it just once you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt, or cause any more misery. It never disappoints, and has been recommended for 60 years.—(Adv.)

Ford Trucks Are Bought On Performance Records

If you were to ask a hundred—or a thousand—Ford truck owners why they use Ford trucks in preference to all others, they would likely say, "Because the Ford stands up."

They know that under the endless grind of daily service the Ford stays on the job month in and month out, with very little mechanical care, and with practically no expense for repairs or replacements. They buy to get performance.

A few might add that the Ford is the lowest priced truck on the market. But they would emphasize the work this truck does, not its initial cost, in accounting for the fact that there are more Ford Trucks in use today than all other makes combined.

Ford Trucks can be bought on the Ford Weekly Purchase Plan.

Beauty for Girls

Youth for women—Let me show you how
By Edna Wallace Hopper.

For 40 years I have been a famous beauty. Now, at the age of 62, I am the most talked-about woman in America as an example of perennial youth.

The reason is this: My mother and I, many years ago, searched the world to find the best beauty helps in existence. They multiplied my beauty, and I became the rage. They have kept my beauty to a grand old age.

I am convinced that these helps can bring like results to millions. And I have decided to enable all to get them.

Easy Simple Ways

I do about what you do. But the difference is that I employ the best helps science knows.

You use clay, perhaps. Any woman who omits it does herself injustice. But you use crude and muddy clays which I quit years ago. I use a modern clay, white, refined and dainty. A clay perfected by 20 years of scientific study.

My Face I call my White Youth Clay. It is fully ten times as efficient as ordinary clays. The new complexion that it brings amazes and delights. Many women in 10 minutes seem to drop ten years.

Clay brings rosy, clear complexions. It takes out the causes of black heads and blemishes. It firms the skin, combats all lines and wrinkles. The women who employ it stand out in every crowd.

But my White Youth Clay is a super-clay—the best word in facial clays. It brings multiplied results. The cost is 50c and \$1.

The Supreme Creams

You use creams, no doubt. I spent a fortune to secure the best creams in existence.

My Youth Cream is a cold cream.

containing both lemon and strawberry. Also all the best that science knows to foster and feed the skin texture.

I apply it after my clay. Also as a night cream. Also daytimes as a powder base. It is over-present, to whiten, soften and preserve my skin. I have never known another cream which brought any like results.

I clean my skin with my Facial Youth. That is a liquid cleanser, which I found long ago in France. Now leading beauty experts everywhere employ it.

It contains no animal, no vegetable fat. The skin cannot absorb it. But it enters the pores and cleans the skin to the depths. Nothing else in all the world can clean the skin as this does.

My Facial Youth sells for 75 cents. The identical formula, offered by great beauty experts, is everywhere sold at \$3.

For Beautiful Hair

My hair is my greatest glory. It is thick and lustrous, and grows finer every year. Never have I known a falling hair, dandruff or gray hair.

This is due to my Hair Youth, which France perfected for me. I apply it with an eye dropper, directly to the scalp. It keeps the scalp clean and the hair roots stimulated. I have brought beautiful hair to countless friends by giving them this method. It costs 50 cents and \$1.

All druggists and toilet counters supply the beauty helps I use. Go try them. Each will bring you rich rewards. I am very glad to enable you to get them. Edna Wallace Hopper. Business address, Waukesha, Wis.

NOTE—Miss Hopper is now playing the Pantages Vaudeville circuit of the Western States.
